

Claude Steiner passed away

January 6th 1935 - January 9th 2017

Claude Steiner died on the shore of Penny Royal Lake at his Round Mountain Ranch in Ukiah CA surrounded by family. As he gazed out over the water, listening to music and crying and laughing at the beauty of life, his final words were "love is the answer" and then "I am so lucky". He died in absolute peace, total comfort and with the dignity of physician prescribed legal aid in dying. His ashes will be buried at the Penny Royal lakeshore, under the willow tree. There will be memorials in Berkeley and Ukiah this summer and hopefully at the TA world conference in Berlin in July, which his son Eric and daughter Mimi will attend. Many people feel they needed more time with him. Together we will keep his wisdom and love alive and together our grief will be soothed. Claude Steiner as you look down upon us from the cosmos - know that you are eternally beloved.
